

WHAT IS TECHWAY?

Techaway is the alternative to technological renting, a subscription model where you pay for the use of your laptop, **without permanence** and **without hidden costs**

Set your subscription in 2 clicks... and let your company start working! Don't waste money buying computers! **Focus on what really matters and help the world to get rid of the e-waste. Without commitment of permanence or financing.**

We work with subscriptions: you can use Techaway **from 1 day and forever; with technical support and insurance included;** In addition, the computer is ready to use, with the OS already installed. **Turn on and start!**

ADVANTAGES

- ✓ You get the computer ready to use, with the OS and the programs you need.
- ✓ You get **replacement insurance** in case of breakage or theft.
- ✓ You get the laptop in **72 hours and ready to use**

- ✓ **PC as a SERVICE** belongs to the new sharing economy that allows to share resources and services from 1 day to the infinite.
- ✓ We help companies to **grow better, bigger and faster.** By not having an initial investment, bank scoring (OPEX) is not needed and companies will be able to invest their resources in more important things.
- ✓ **No permanence fees, no hidden costs.**

- ✓ We are committed to the **circular economy and sustainability.**
- ✓ **The user is the central axis** and the technology gets adapted to him
- ✓ **The company has the control of all the computers.**
- ✓ Technical support is included.

WHY TECHWAY?

- ✓ You save costs, no need of initial investment
- ✓ Easy management: controll everything with our dashboard.
- ✓ **Achieve your sustainability goals,** good reputation y and good values for your company and employees

- ✓ We are sustaineable
- ✓ We give you the tools you need for your work **We give you peace**
- ✓ We are fast, immediate solutions. **We are fast.**

What are you waiting for?

¡Try Techaway! If you don't like it, you give it back, THAT'S IT!
